Subject: LG&E PROPOSED RATE INCREASE Case No. 2018-00295

I received a notice from LG&E with my bill proposing an outrageous rate increase. The rates are too high as they are without a unwarranted increase. It is hard enough for people to meet their monthly bills without added hardships like this. There are too many households affected that are on fixed income and low income to support this.

For them to propose withdrawing for the TCJA early is a slap to every customer they have. The reduced taxes for the company must continue to be passed on to the consumers for as long as the taxes are reduced.

Any changes made to rates, rate schedules, tariff provisions or any other terms and conditions must favor the consumer or be denied.

Thank You,
Larry S. Ash
