

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF KENTUCKY	)	
POWER COMPANY FOR A CERTIFICATE OF	)	
PUBLIC CONVENIENCE AND NECESSITY TO	)	CASE NO.
CONSTRUCT A 138 KV TRANSMISSION LINE	)	2018-00072
IN BOYD COUNTY, KENTUCKY	)	

COMMISSION STAFF'S SECOND REQUEST FOR INFORMATION  
TO KENTUCKY POWER COMPANY

Kentucky Power Company (Kentucky Power), pursuant to 807 KAR 5:001, shall file with the Commission the original in paper medium and an electronic version of the following information, with a copy to all parties of record. The information requested herein is due no later than August 27, 2018. Responses to requests for information shall be appropriately bound, tabbed, and indexed. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately bookmarked. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Kentucky Power shall make timely amendments to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Kentucky Power fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a document containing personal information, Kentucky Power shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Kentucky Power's Response to Commission Staff's First Request for Information, Item 4, in which Kentucky Power states, "Braidy Industries Inc. is now projecting a peak load of 90 MW. This constitutes a 50 percent increase in the projected peak load for Braidy indicated in the Company's application."

a. State whether Kentucky Power will have sufficient capacity to supply the 90 MW load in addition to any potential future growth at the industrial park.

b. With the added load requirement of Braidy Industries Inc., state whether there will be any additional costs or upgrades required for the project.

Gwen R. Pinson
