Subject: Case Number 2018-0005

Dear Kentucky Public Service Commission;

I am an LG&E customer living in Louisville. You are considering a substantial charge to Louisville customers in Case Number 2018-0005, which has a total charge that will exceed \$350 million when return on investment is added in, and most of that will be in the LG&E area.

Before you decide, you should hold a public hearing in Louisville for us customers to talk about the proposed Advanced Metering System costs and benefits. People in Louisville need the opportunity to hear and to respond.

Thank you.
