In reference to Case No. 2018-00095

March 23, 2018

To Whom This May Concern:

I am opposed to the proposed construction of the 300' tower near Harold LeForce Road. I was approached to have this tower placed on my land. I refused. I believe it to be a health hazard. If there is the slightest chance of this being a health hazard then I do not want it anywhere near where I live.

Sincerely,

Linda Reynolds
