Please arrange for Public hearing addressing this request be held in Clinton KY 42031.

It appears that this Request for a rate increase is not supported by normal economic facts.

1. The Consumer price index has increased less than 2.0% in the 4 years since the last increase.
2. Crude oil prices have decreased approximately 30% since 2014.

(Feb 2014-Aug 2018)

Cost of living, as determined by Government SS values, which is highly influenced by CPI and oil prices, has been set at 2.0% for 2018

See attached additional information for points 1 & 2.

As to water service rate increase. Close to doubling base charge and a substantial increase on water charge...that is ridiculous. They over charge as it is for connecting and just because they bought a new backhoe and truck when nothing wrong with what they had is not for the consumer to pay for. Also they snuck the notice onto back page of paper that very few people subscribe too anyway and trying to do this awfully quick before anyone notices psc do your job!

Case#: 2018-00208

Dear Sir/Madam,

I live in Middlesboro, Kentucky, and my water provider is Water Service Corporation of Kentucky. They are asking for a 35.29% increase with an annual revenue of \$852,743.

This increase is excessive!

As a current water service customer, I oppose this increase.

There was a recent public hearing and no mention of an increase was discussed.

Please do not allow ANY increase!

Subject: Clinton, KY Water Service Rate Increase

Case Name: Water Service Corp of KY
Case No: 2018-00208

To Whom It May Concern:

My name is Jo Ann Alexander. I am a 75 year old widow living at 216 N. Washington Street in Clinton, KY. I am addressing an ongoing problem since Utilities, Inc. began operation of our local water service, as every 2 years they ask for an unrealistic increase in our rates.

In Clinton/Hickman County a HUGE percentage of our population is senior citizens, disabled, & low-income working residents. As a 20 year employee of Community Action, before retirement, I am well aware of the needs of our citizens. Now as a retiree, I also find myself struggling to make ends meet. It's sad when we have to basically ration the amount of water

we use to be able to afford one of the necessities of life. It also breaks my heart when I see corporate employees getting richer off poor people who so desperately try to provide for their families. I have friends who live in other counties/states who are aghast at the high rates we pay.

I appreciate you taking this issue into consideration as it involves the livelihood of our citizens. Thank you! .

Sincerely,
Jo Ann Alexander

Water Service Co. wants to raise our rates. Please come to our little town and have a hearing. The median age of Clinton is 50.5. The medium income of our town is \$23,846. We have a poverty rate of 30.3 %. Because of these statistics, our citizens are not able to travel to Frankfort to your hearing nor are they able to pay more for their water.
