PUBLIC SERVICE
COMMISSION

Dear Public Service Commission,

As a member of the community of Elizabethtown, I would like to formally protest the rate increase on electricity as proposed by Kentucky Utilities. I have paid for electricity from Kentucky Utilities for almost 18 years. In that time, KU has increased our electricity rates by over 100%. At one point, KU had the best electric rates in the country, but their rates have skyrocketed over the years. To add \$11 more per month to an electric bill seems like a small amount, but over a 12 month period that adds at least \$132 to a yearly electric bill. For families barely getting by or for people on fixed incomes that amount could be detrimental. Please consider denying this increase for all those who receive electricity from Kentucky Utilities.

Sincerely,

A handwritten signature in cursive script that reads "Fabian Bennett".

Fabian Bennett
