Dear,  
Public Service Com.  
Re: Kentucky American Water Co.

I am writing to you to protest the outrageously high (24%) hike that the Ky. Amer. Water Co. has asked for.

I am a widow on a fixed income. I have a mortgage and other bills to pay which have all gone up. By the time my bills are paid, I might have \$10<sup>to</sup> \$12 left at the end of the month.

I'm sure I'm not the only person in the area in the same situation. Please take this in consideration before you approve the 24% rate hike.

Sincerely,

Anna L. White
