Public Service Commission  
Case # 2019-00256

RECEIVED

OCT 09 2019

PUBLIC SERVICE  
COMMISSION

DEAR MADAM & SIR,

This letter is regarding net metering.

Changes to net metering must be based on evidence of impacts to the utility and other ratepayers. Evidence should be open to public review & analysis.

Changes to rate designs for net metering customers should be fair & reasonable. New tariff structures should avoid creating new barriers to solar adoption. Rate designs should not be used as tools to inhibit the use of net metering.

Thank you.

Sincerely,

Debra Muneer
