

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC CONSIDERATION OF THE)	CASE NO.
IMPLEMENTATION OF THE NET)	2019-00256
METERING ACT)	

ORDER

This matter arises on written statements filed in this proceeding regarding electronic transmission of Commission Orders and other documents. On September 9, 2019, Kentucky Power Company (Kentucky Power) filed a written statement requesting to receive electronic transmission of Commission Orders and other papers filed in this proceeding pursuant to 807 KAR 5:001, Section 8(9). Kentucky Power included a list of designated persons to receive electronic notice of any documents filed in this proceeding. On September 10, 2019, Kentucky Utilities Company and Louisville Gas and Electric Company (KU/LG&E) filed a similar statement requesting to receive electronic transmission of Commission Orders and papers filed in this proceeding with a list of designated persons to receive electronic notice of any documents filed in this proceeding.

The requests filed by Kentucky Power and KU/LG&E comply with electronic filing procedures applicable to parties to a case. However, this case was established to accept comments, and there are no parties to, or service list for, this case. Because there are no parties to this case, 807 KAR 5:001, Section 8(9), filing procedures are not applicable. Therefore, the Commission finds that filing the written statements does not entitle Kentucky Power or KU/LG&E to receive copies of documents filed in this proceeding using the filing procedures for parties.

The Commission notes that any person or entity who wants to be notified by electronic mail when documents are filed in this case, or any case, may use the electronic mail case filing notification feature accessed via the Commission website at <http://psc.ky.gov/efs4/EFSSignUp.aspx>.¹

IT IS THEREFORE ORDERED that:

1. Kentucky Power's request to receive electronic notices and messages pursuant to 807 KAR 5:001, Section 8(9), is denied.
2. KU/LG&E's request to receive electronic notices and messages pursuant to 807 KAR 5:001, Section 8(9), is denied.
