RE: Case No. 2019-00176

New Cingular Wireless PCS, LLC Application for Issuance of a Certificate of Public Convenience and Necessity to Construct a Wireless Communications Facility in the Commonwealth of Kentucky in the County of Casey

Dear Mrs. Richardson:

The Public Service Commission acknowledges receipt of your public comment letter regarding your concerns as to the application for approval to construct a wireless communications facility in the case referenced above. Your comment has been placed in the official case file of this proceeding. The Commission will carefully analyze your comment as part of its review before rendering its final decision in this matter.

By this letter, we are forwarding a copy of your comment to the Applicant for a response. Commission Staff requests the Applicant to submit a written response to the comment, with a copy to the Commission, within 15 days of the date of this letter.

It may be helpful for you to know that federal law limits state authority, specifically that of the Commission, in the review of this matter. For example, Section 704 of the federal Telecommunications Act of 1996 prohibits this Commission from regulating the placement of wireless facilities based on environmental effects of the radio frequency emissions to the extent that facilities comply with Federal Communications Commission regulations. Section 704 also prohibits a state or local government from prohibiting telecommunications facilities construction if such denial will have the effect of prohibiting service. In addition, this Commission is required by statute to ensure that utility service, including telecommunications service, is adequate and reliable.

You may view Orders issued by the Commission or other formal case documents on our website at <http://psc.ky.gov>.

To Whom it May Concern:

I am the owner of a parcel of property located near the intersection of Antioch Road and Phil Contown Road in Casey County Kentucky listed by the Casey County Property Valuation Office as parcel 071-03. I have become aware of a wireless tower proposed to be constructed in the vicinity of 74 Antioch Road, Liberty, KY.

I do not believe I received proper notice of the possible construction of this tower. However, now that I know of it, I request that the Commission convene a public hearing concerning the building of this tower.

Sincerely,

Melissa T. Richardson
