

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED WATER ADJUSTMENT)	CASE NO.
FILING OF WARREN COUNTY WATER DISTRICT)	2019-00214

ORDER

On June 19, 2019, Warren County Water District (Warren District) applied for approval to adjust its rates pursuant to the purchased water adjustment procedure.¹

Having reviewed the record and being otherwise sufficiently advised, the Commission finds that:

1. Warren District purchases water from the Bowling Green Municipal Utilities (Bowling Green).

2. Bowling Green notified Warren District that its wholesale rates would increase as follows: (1) from \$1.9158 per 1,000 gallons to \$2.6377 per 1,000 gallons at the Southside metering point, (2) from \$1.3309 per 1,000 gallons to \$1.6455 per 1,000 gallons at the Cemetery Road metering point, (3) from \$1.4312 per 1,000 gallons to \$1.7291 per 1,000 gallons at the Morgantown Road metering point, and (4) from \$1.3924 per 1,000 gallons to \$1.7162 per 1,000 gallons at the Northside metering point, effective July 1, 2019. Warren District proposes to increase the water rates to its customers effective July 1, 2019, to reflect the increased cost of purchased water from Bowling Green.

¹ KRS 278.015; 807 KAR 5:068.

3. Warren District proposed a purchased water adjustment factor of \$0.37 per 1,000 gallons in its application.

4. During the 12 months ended March 31, 2019, Warren District purchased 2,109,000 gallons of water from the Southside metering point, 1,934,607,793 gallons of water from the Cemetery Road metering point, 260,662,500 gallons of water from the Morgantown Road metering point, and 964,661,700 gallons of water from the Northside metering point. During the same period, Warren District sold 2,748,268,000 gallons of water. The increase in the cost of purchased water is \$1,000,158.92, resulting in a purchased water adjustment factor of \$0.37 per 1,000 gallons.

5. The purchased water adjustment factor of \$0.37 per 1,000 gallons, as calculated in Appendix A to this Order, is fair, just, and reasonable and should be approved.

6. Warren District's proposed rates should be approved.

7. The rates as set forth in Appendix B to this Order are fair, just, and reasonable, and should be approved for water service rendered by Warren District on and after July 1, 2019.

IT IS THEREFORE ORDERED that:

1. The purchased water adjustment factor of \$0.37 per 1,000 gallons is approved.

2. The rates proposed by Warren District are approved.

3. The rates as set forth in Appendix B to this Order are approved for water service rendered by Warren District on and after July 1, 2019.

4. Within 20 days of the date of entry of this Order, Warren District shall file with the Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets showing the rates approved herein.

5. This case is hereby closed and removed from the Commission's docket.
