Subject: KFTC requests an extension of the public comment period and hearing of 2019-00256

Hello Ms. Pinson,

Kentuckians For The Commonwealth would like to formally request an extended public comment period for case no. 2019-00256.

We want to make sure that all parties interested in the issue of solar net metering, or with expertise on the matter, have an adequate amount of time to prepare their written comments and deliver comments in person at a hearing. It will be difficult for all parties to do so fully, on the current timeline.

We urge the PSC to extend the comment period and hearing that extends to the end of October. Please let me know if you have any questions, and thanks so much.

Best,

Nikita Perumal
