October 12, 2019

To the PSC Commissioners,

I am writing in regard to case #
2019-00256 To address possible charges
to net metering. It needs to be raised,
not lowered. Doing this will depress
new jobs in the solar industry, de-
incentivize the installation of solar and
other renewable energies.

Kentucky needs to move forward,
not backward in addressing energy
needs in the Commonwealth.

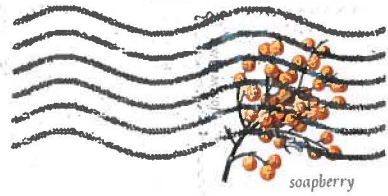

Sincerely,
Joan Gregory
