I'm sending this email in hopes of having this water company held accountable for their wrong doings and not put the damage on the costumers backs. I also strongly encourage for them to be strongly audited. Several years ago they received a grant to place water lines across CSX property along Rt. 7 in Knott County. Several homes were left off that placement of lines. Mine for one. But they managed to run water up Bates Branch to one home. I want answers and am fed up with being lied to over and over. Please help us Knott Countians!

Case # 2019-00268

Hey my name is Natasha Slone, I'm emailing on behalf of myself and my grandparents Woody and Ruby Slone. This increase rate is terrible! I'm a single mom paying our bills here on a set income weekly. My grandparents are both on fixed incomes now. Unless the state increases min wage. SSI, social security and forces raises somehow I have no idea how anyone in eastern Kentucky will make it. At this point in time people are already having to choosing between food, medicine and bills as it is.

My question is the people that took that money for insurance should be forced to pay that back! Just like fraud with food stamps or any other thing. And should lose their job also. We are getting punished for someone else's crimes. I know this is probably one of many emails you have got and this may not get read. But, why should we pay for someone else's crimes? They should have to pay back \$133,000 they basically stolen and jail time? Anything over a certain amount isn't it considered a felony and embezzlement?

Thank you for reading! Hopefully this rate increase doesn't happen because I have no idea how I will make it or my grandparents.

Thanks so much
Natasha Slone
