Excavation Damage: No notification made to the One Call Center

**Description of Incident** 1" service line broken by an excavator, city utility personnel on site shut down a valve which caused loss of 14 customers.

Summary Information 2/12/2019

**Full details such as the cause** During a water line installation, construction technicians caught a 1" service line which resulted in a hole in the line. KFG field technicians cut out the damaged section and replaced it with 2 feet of pretested pipe by

electrofusion. Once the line was pressured back up, technicians went to each affected customer and restored service.

<b>Extent of the damage</b>	Minimal, line was not broken through and very little gas lost due to valve being shut off immediately
<b>Cost of the damage</b>	\$200.00
<b>Steps taken to prevent re-occurrence</b>	KFG technicians spoke with the construction supervisor about the 811 laws
<b>Amount billed to excavator</b>	\$0.00
