Subject: Case Related Question

Dear Commission;

My name is Judith J Bloor. I reside at 8901 Harmony Place Court, Louisville, KY. 40242.

My comment is related to Case No. 2020-00061 through which Louisville Gas & Electric Company is seeking your approval for a rate increase for Residential customers and Volunteer Fire Department Services to recover capital costs associated with new pollution control facilities.

I am asking that you deny this request in light of the current disastrous economic conditions brought on by the COVID-19 pandemic. Kentucky has a record number of persons who have recently filed for unemployment, with many businesses shut down and some concern for whether those businesses will ever reopen. We are looking at unprecedented numbers of residential customers who will be struggling to pay all their bills. Many retired persons have lost significant amounts of money from their investments and may also struggle to pay bills.

It seems this is a very inappropriate time to assess additional costs to the consumers who can least afford to pay those costs.

Thank you for your consideration.

Judith
