To Whom It May Concern:

The Water Service Corporation of Kentucky has proposed a second increase of water utility rates in one year. The new rates sought would equal an increase of approximately 38 percent. This new proposed rate will create an undue and unnecessary financial burden on businesses, schools, faith communities, and households. I appose their second request at this time.

Should you have any questions or comments, please feel free to contact me at the above address or telephone number. Thanking you in advance for your time and consideration.

Respectfully,

Aelred B. Dean, BSG
Priest-in-Charge
