PUBLIC SERVICE
COMMISSION

November 2, 2020

Public Service Commission:

Why a petition?

1. To show a united community.
2. To give everyone in the community a chance to voice their opinion.

The community agrees that the percentage increase is not realistic for our community.

Thank you for reading our petition and giving us a chance to voice the unfairness in the situation.

Re: Water rates for Center Ridge Water District

To: Kentucky Public Service Commission

We, the constituents of Center Ridge Water District, believe a 364.5% rate increase is unfair because:

- 1. The increase will make water unaffordable for many families in the water district because they are retired and on a fixed income.**
- 2. The rate increase is exorbitant.**
- 3. We are compared to other districts that are paying sewer fees and in this area each household has its own sewer.**
- 4. We understand the water system was in poor condition when purchased by Bluegrass. The community has complained for years because the monies received were used to buy equipment instead of repairing our system. There have been open water lines throughout the community. We have diligently paid our dues each month or year.**
- 5. We do not feel it is our responsibility to fund the 364.4% increase to upgrade the water systems for their gain and leaving those that cannot afford the money without water. How will these people obtain water?**

Thank you for your time and consideration.
