Reference Case Number: 2020-00349

Public Service Commission
PO Box 615
Frankfort, KY 40602

To Whom it May Concern:

This letter is in response to the proposed rate increase of 10.4% by Kentucky Utilities Company for the monthly electric bill, case number 2020-00349.

We **STRONGLY OPPOSE** this increase based on the belief that our community is already at a disadvantage and under immense strain due to the current Covid-19 pandemic.

We are writing to specifically state that we **strongly object** to the price gouging from Kentucky Utilities Company and appeal to the Public Service Commission to prevent this outrageous disservice from taking place during these uncertain and strenuous times. A price increase would be detrimental to many families as well as our economy. Several are struggling to feed their families and keep their homes without the additional expenses this rate would cause.

We are writing so that this letter will become part of the docket in hopes that the public at large will be saved from the added stresses an increase will add.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink that reads "Jamie Johnson". The signature is written in a cursive style with a large, sweeping initial "J" and a long, horizontal flourish at the end.

Jamie C. Johnson, on behalf of the Johnson Family
