Hello-

I live at 8605 Wayfield Court in Louisville, Ky, 40299.

I just read that the PSC made a fair and forward-looking ruling in the net metering case regarding Kentucky Power.

I hope the PSC will do the same regarding above cases involving LG&E/KU.

We as a state and country need to do whatever is possible to move from fossil fuels to renewable/sustainable clean energy to impact climate change.

It is obvious the utilities want a one-way street when it comes to net metering and the benefits

of solar- as they continue to build out large solar panel installs. Good for them for doing so- just let the consumer benefit as well for 'doing the right thing'.

Thanks again for making the correct judgment regarding Kentucky Power and I hope you will do the same regarding the above noted cases.

Take care!!

Mark Clark
