Honorable Commission:

I would like to register my opposition to the rate increase proposed by LG&E.

Citizens of Jefferson County are already facing a property tax increase of more than 10% when tax bills are sent out this fall. Metropolitan Sewer District is raising rates 5% this year. These are being implemented at a time we are facing a global pandemic.

Common sense dictates this is not the time for another rate increase, no matter how well-intentioned the request may be.

Lastly, LG&E weakens its own position by introducing an "Economic Relief Surcredit Adjustment Clause." LG&E recognizes the burden will be so onerous, they are building into the proposal millions of dollars in relief to those who cannot afford the increase.

Please, let common sense reign, and reject this proposal until our nation and our state are on more solid financial footing.

Respectfully,

O'Neil Arnold
