under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Glover Creek shall make timely amendment to any prior response if Glover Creek obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Glover Creek fails or refuses to furnish all or part of the requested information, Glover Creek shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a paper containing personal information, Glover Creek shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Glover Creek's response to Siting Board Staff's First Request for Information on Rehearing (Staff's First Request), Item 2.c.

- a. State whether there is an industry best practice standard as it relates to mitigation of noise and visual impacts at solar sites in general.

b. State whether there is an industry best practice standard as it relates to mitigation of noise associated with the tamping process during construction at solar sites.

2. Refer to Glover Creek's response to Staff's First Request, Item 2.e.

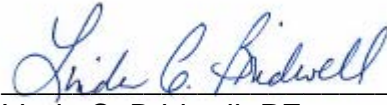

a. Provide the estimated total cost of the nonmature vegetative buffers that will be implemented as indicated on the preliminary site layout plan.

b. Provide the estimated total cost of planting mature vegetative buffers if those buffers were implemented as marked on the preliminary site layout plan.

3. Refer to Glover Creek's response to Staff's First Request, Item 3. Provide the estimated total cost for the green slats fencing.

4. Refer to Glover Creek's response to Staff's First Request, Item 5.b. State whether construction work on Sundays is similar to construction work done that is typically done during the nighttime hours of 6 p.m. to 9 p.m., i.e., work that is reserved to make up for delays.

5. Confirm that the racking pile construction is expected to take approximately four weeks beginning February 10, 2022, through March 11, 2022, as provided in Glover Creek's response to Harvey Economics' First Request for Information, Exhibit C.
