PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Caldwell Solar shall make timely amendment to any prior response if Caldwell Solar obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Caldwell Solar fails or refuses to furnish all or part of the requested information, Caldwell Solar shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Caldwell Solar shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Provide the distance to the Crider Baptist Church on Crider Road from all portions of the proposed Project, including, but not limited to, distance to fencing, solar panels, or inverters. Explain what, if any, mitigation measures are proposed for the Church's viewshed impact, traffic impact, and noise impact during Church activities, including weekly, Sunday and special services.

2. Provide the completed wetlands delineation study, as well as any jurisdictional determinations, permits, or applications for permits that are required.

3. Provide the Phase 1 environmental assessment. Include any information that Caldwell Solar has on the Project's effect on the bat habitat from disturbance of karst features.
