Re: Case # 2020 - 00160

I would like to protest the proposed
rate ^{increase} that utilities inc wants for our
water in Clinton, Ky.

I am a widow who lives alone,
I am very saving with my water use.
I dig the reuse water from my
& use to flush or for other purposes
I save the water from washing vegetables
& fruits and water plants.

my ~~income~~ is my social security
so every thing I can save helps.

Thank you for your help in this
Case.
