Dear Commissioners:

I am writing to request that you reject the proposal of a rate increase and the ten new and modified tariffs to be added to our electric bill, by the Kentucky Power Company. It is a hardship for many Kentucky families to pay the existing rate. To allow them to increase the rate would cause an economic impact. We are already suffering from the impact COVID-19 has taken on the working people of Kentucky and the entire US. An increase in our electric bill would be the last straw.

Please vote no, on the rate increase and new tariffs. Thank you.

Sincerely,  
Connie S. Blair
