RE: Kentucky Power Co. Rate Case 2020-00174

To whom it may concern:

As you are aware Kentucky is one of the poorest in the United States with counties that are among the poorest. Over one million have applied for unemployment besides those who are jobless and not-eligible for unemployment. With the coronavirus and businesses shut down, it would be cruel and inhumane to ask for a rate increase with added tariffs. So many people out of work and businesses closed, how can you even expect normal payment! Get a conscience!!

Sincerely,
Edna Parks
