Please do not increase rates! please tell the Public Service Commission to reject another proposed rate hike in PSC DOCKET 2020-0174 because our rates are already too high.

Thanks,

James

This is my second copy. I forgot to put the case number in the subject line on the first email.

I am so disappointed with Kentucky Power's proposal to cut the compensation rate for net metering. I don't have solar power myself but would like to get it. I know people who do, though, and I know that the cost benefit they receive is VERY important. Please don't take that away from them. These are ordinary people doing what they can to protect our climate and they should be supported when they make such a huge financial investment.

My name is RuthAnn Reteneller | 708 S Barbee Way | Louisville, KY 40217. Please make my objection to the proposal to cut the compensation rate for net metering a part of your public record.

Thank you,
Sincerely,

RuthAnn Reteneller
