Subject: Net Metering Case

Hello, my name is Ellen Engelman and I am a solar advocate from Monterey, Kentucky. I am writing today to ask for a formal public comment hearing to be scheduled so that my voice can be heard on the current net metering rate case. This rate case will be a precedent setting decision that will impact all the utilities and solar supporters across the state and we deserve a way to speak directly to the PSC commission to ensure our stories and concerns are heard before the decision is made.

Thank you
Ellen Engelman

As a solar rooftop producer I invested a substantial,for me,sum(14,000) to get my system operational. Net metering factored heavily into my calculations. I strongly urge you to preserve net metering as is for the public's sake and to keep solar affordable and a viable energy choice. Not to mention helping slow carbon pollution that threatens all life forms on this beautiful planet-it's nothing less than a sacred obligation. I'm referring to case#2020-00174. Please rule in the public's favor. Thank you John Scott
