Phone number where you can be reached: [REDACTED]

Home phone:

Utility Name: Warren County Water District

State the nature of your concern: Received notice from Warren County Water District, of an intended rate increase based on the wholesale rate increase from Bowling Green Municipal Utilities for water service. In these times of economic hardship being faced by so many consumers from income and job loss, due to Covid-19, this seems like another slap in the face to its consumers who may be unable to pay their utility bills as it is. This rate increase should be delayed until AFTER the economic conditions of the entire nation are recovered to a relatively more normal condition. I strongly urge the PSC to consider delaying approval for this intended rate increase scheduled for July 1, 2020.

Have you contacted the utility about the problem: No
