#### Note:

This old gas Well was given to My Dad on 11-24-03. The six people that hooked on to it had no source of gas to Cook with or heat Their homes so they hooked on This old Well For Their utility needs. Four of These six people are on Fixed income They cannot pay For a higher utility service. My Dad is Also on Fixed Income he only draws Social Security that's why he Can't afford to do upgrades plus There's No Money to be Made. I don't think This old Well with six people hooked on it should be listed AS A Company. I Think it should be listed AS A Farm Tap Well. My Dad said if he CAN let Them use it For Free that he Will do so he said if he has to shut it down it Will Just go to Waste.
