Reference Case Number 2020-00270

Dear Director:

Is it true a cell tower is going to be built on Highway 2194 W? I wanted to believe this was a rumor but I recently saw a sign near my home confirming this information. I recently moved to 925 State Route 2194 because of the country atmosphere and also where I chose to live is in close proximity to my father's home.

Residents on this road are wondering why a tower was chosen to be erected in our community. We all disagree with the planned tower location. Hopefully the planned location will be scraped and the cell tower will be built some place else.

Josh Asher
