PSC,

For the record, we oppose the 364.4% increase in the water we purchased from Center Ridge at our Pine Bluff Shores residence.

We are willing to accept an increase to offset upgrades but 364.4% is way too high! Who does that in a recession?

Please reconsider & offer the residents of Pine Bluff Shores a price for H₂O & sewer operations that is reasonable & affordable.

RECEIVED

Sincerely,

Joann & Phillip Wiffenegger
