To whom it may concern:

I am writing to you re: the rate increase for our privately owned sewer. Bluegrass Water has initiated a rate increase of 140.4 %.

Our water actually comes thru Richmond Utilities so the sewer bill is separate from our water bill. I have come to realize that Richmond Utilities bases their sewer bill on water usage and that rate is 150%. For example: my water bill is never higher than 25.00 – 30.00 per month so if we were paying Richmond Utilities my sewer bill would only be approximately 45.00 per month which is consistent with what we are paying Bluegrass Water now. I realize that other people have higher water bills but they still would not be paying what is proposed in this rate increase. The proposal is for \$96.14 per month which is extremely high in my opinion for a sewer bill since this does not include water.

I realize that my opinion probably does not matter much but I am very concerned about this increase.

Please take into consideration that we do not purchase water from this company and that they are asking us to pay almost a \$100.00 per month for sewage only.

Thank you,

Angela Kaylor
