Reference Case Number 2020-00290

I am writing to complain about the proposed sewer rate increase By Bluegrass Water Operating Company. As you know, they propose to increase the sewer rates in Carriage Park Subdivision by 500%.

There are 39 homes in the subdivision, and each home has its own septic tank. The facility that Bluegrass is operating is nothing more than a holding lagoon. There are no pumps or equipment to operate or maintain that can possibly justify the requested increase. I am not suggesting that no increase should be granted, but the phenomenal increase they are requesting is ridiculous.

Sincerely,

Allen M. Gildersleeve
