PUBLIC SERVICE
COMMISSION

State the nature of your concern

Bluegrass Water Utility Operating Company is wanting to increase the cost of sewer service in the Carriage Park Subdivision from \$16.00 a month to \$96.14 a month. This is a 500.9% increase. Since I am retired and live with my wife only, I feel like this is way out of line. Basically we can not afford it. I think some attention should be addressed to this situation.

Case # 2020-0029

Thank you, Michael A. Kelley

Have you contacted the Utility about this problem? Yes No
