RE: Bluegrass Water Utility Operating Company, case no. 2020-00290, Randview

To Whom It May Concern:

I represent Joe and Belita Hendley regarding the above referenced application. They object to the application.

The proposed improvements are not all necessary.

The projected expenditures are far in excess of the cost of reasonably required repairs and improvements.

To whatever extent repairs are necessary, they should be the responsibility of the prior operator, Ralph Waldrop, whom the residents have already paid to maintain the system.

The rate increase is outrageous. Current monthly fees are \$15, not \$25 as represented in the application. That make the proposed increase \$81.14 a month, 541%!

Sincerely,

David S. Sprawls
Attorney at Law
