Subject: Case Related Question case 2020 00290 utility rate increase

Good afternoon
Bluegrass utility is requesting a rate increase for sewer service for Persimmon Ridge Subdivision in Shelby Co. Kentucky.
If an increase is granted please consider those of us who are retired and receiving social security so that
We are not shocked when the new rate is announced.
Thank you and have a good day.

Subject: Comment Case 2020-00290 Bluegrass Water Rate Increase

I purchased property in the Center Ridge Water District serviced by Bluegrass Water in late September 2020 and have never received any notice or correspondence from Bluegrass Water about any rate increase. Then last week I learned that back around Sept 30, 2020 communications and requests of a rate increase for my water were being considered. From what I have been able to find on your Public Service Commission website seems to indicate that my bill could go from the current \$23.29 a month to around \$106.00.

With this said, I want to comment that an increase of this magnitude is ridiculous. There is no way a legitimate company would purchase assets that would cost this much more to own / operate at a profit unless; they expected to be able to make someone else pay for it and they just take home the profit. To allow any company, including Bluegrass Water, to gouge everyday people like this for their gain is WRONG.

I am a self-employed artist with disabilities and to have to pay this every month for water would be a great hardship and I ask that the Bluegrass Water rate increase be denied.

Sincerely,

Good Afternoon. This e-mail is in regards to the proposed rate increase requested by Bluegrass Water. We currently live in the Great Oaks Subdivision in Paducah, KY. At this time, it would be a hardship for our many neighbors, as well as ourselves. A 233.4% rate increase seems rather substantial, especially just for our sewer service ONLY. Our water is supplied, locally, by Paducah Water. I am still not sure how we have ended up with a company that isn't even local to Paducah. We haven't ever even seen anyone with this company in our neighborhood, especially making any upgrades that they are stating is the reason for the large increase in rates.

We do not agree that a rate increase will better our services.

Sincerely,
