PUBLIC SERVICE
COMMISSION

Kentucky Public Service Commission:

I contacted the Pike Legal office on October 5th and October 20, 2020. I have not received the courtesy of a return phone call.

I am referring to the proposed construction of a Wireless Communications Facility at Clayhole. The docket number is 2020-ey 00306. The site is located at 705 Barge Creek Road, Jackson Ky. Also, I did not receive a map of this project.

I am not giving permission for any person or company to enter my property without my permission. If the company enters my property without my permission, they will be trespassing.

I expect to be contacted by a representative from this company.

Sincerely,

Carol Hott-Schleyer (POA)
