PUBLIC SERVICE  
COMMISSION

To whom it may concern,

My family and I strongly oppose the proposition to increase the price rates for electricity. My neighbors and I feel that submitting such a proposal, while concerning in the best of times, ~~is~~ should be unfathomable during a national crisis which has put thousands of Kentuckians out of work and struggling to get by. The specific case number of the proposal I am referencing is # 2020-06349.

Respectfully,
