RE: 2020-00349 for Kentucky Utilities.

I am at the beginning stages of installing home solar panels. Given the looming climate crisis, I want to do my part to mitigate climate change even if it's a small step. I also predict that the solar panel industry in Kentucky can be a source of jobs for Kentuckians.

I would very much like for the PSC to consider ordering Kentucky Utilities to reimburse grid tied solar panel generation at a 1 for 1 rate. If I produce 1Kw of electricity, I should get a 1Kw credit against my monthly bill. Generating local jobs is a factor in my plans. It should be a factor in the PSC's decision.
