Dear Sir or Madam,

I recently received a notice in the newspaper regarding the intent for Louisville gas and electric Company and adjust the electric and gas rates.

I am concerned with the extent of the proposed rate hikes. According to the notice, there will be a rate hike of over 11.8% for residential electric users.

I feel that this is a fairly extreme rate hike, And would like to suggest the commission vote against us.

I do see where Louisville gas and electric is offering a one year rate reduction as an " Economic

relief“, however promotions like this just seem to hide the drastic increase in rates.

Thank you for your time,

Justin Smith
