Subject: Case No. 2020-00350

I am responding to the published request of L.G. & E. rate increase. I am a natural gas customer and we really don't have any other choice but to be an L.G. & E. customer if we want hot water and at least be a little warm (66 degrees on the thermostat) during the cold months. Why do they need to increase our rates almost 10%. Natural gas is still trading for less than \$3 on the market(I check daily). They say the average will only increase about \$6.17/month but why does the rate need to increase at all? Nickle and dime, nickle and dime-sounds like my TV service. I have the option to drop that service and get my news over the air and watch PBS. If it wasn't for college sports I would!

Also, every time L.G. & E ask for a rate increase it is during the Holiday Season. We may be at home more these days but we still have things that "need" to be done to acknowledge the season. Why can't L.G. & E do this right after Halloween. Thanksgiving is just getting a menu together for the fourth Thursday. Or maybe the first of the year? Can't you get them to change the request date so more residents will take notice?

Respectfully, Lucille (Cele) Beckner
