

re Case No. 2020-00350

Carol Sturm

Dear Public Service Commission,

Dec 18, 2020

I am sure LG & E could use some more money as we all could - yet our government appears to be frozen in its stymie place.

The report I received from Social Security telling me what my cost of living raise is going to be arrived yesterday. That raise is already eaten up by increases in medical insurance costs for this year.

But, in the interest of fair men and economy I could support a raise in my LG & E rather of the same amount the government gave me - 1 1/2% I'll be getting \$15.00 more than last year! So that also seems reasonable for LG & E - 1 1/2%

Sincerely,  
Carol Sturm  
and  
Dennis Brzanka
