Dear Comm. members,

I am against any
rate hike on Gas & Electric
case # 2020-00350.

Sincerely,

DAN CASEY SR.

Case No. 2020-00350

I oppose the L G + E proposal
to raise rates. It would be
too harsh on families. Especially
at this time of a pandemic.

Ky. Public Service Commission
Case # 2020-00350 - Subject

I am writing in regards to a proposal to raise rates by L&E in Jeff. Co., Louisville, Ky.

I think L&E could cut back on pay raises, bonuses, & high paid officials instead of raising our rates as a resident of Lou.

I live on Social Security & simply cannot see where L&E needs more money. It would be a hardship on me & many others trying to do our best.

Get someone in charge to run your company in a better way as to be doing your best other than taking advantage.

Dear Sir,

Just writing to tell you
that I'm disappointed that STE are
trying to raise rates. I'm 76 &
having trouble making end meet.

Yours truly

Dear Sir,

I want to let you know my view on raising rates during the pandemic when people are home more is morally wrong. Taxes are sky high already.
