Subject: Case No. 2021-00004, KPC CPCN re Mitchell Plant

Dear Kentucky Public Service Commission,

I am submitting this public comment on my own behalf to ask you to deny KPC's request in Case No. 2021-00004. Please do not approve spending on costly capital projects to keep the Mitchell plant in West Virginia coal-fired past 2028. This request is misguided and threatens to burden KPC customers with tens of millions of dollars in wasteful spending.

This plant can be more affordably replaced with a clean energy portfolio of renewable generation, battery storage, energy efficiency, and/or demand response. Meeting customers' needs with a

cheaper clean energy portfolio is better for our pocketbooks as well as the health of our communities and the environment.

By denying this request, the PSC could save KPC's customers money, while also creating opportunities for jobs in Kentucky. Thank you in advance for your leadership in protecting Kentuckians.

Sincerely,

Kathleen Winhold  
PO Box 1692  
Hyden, KY 41749
