Re: Rhudes Creek Solar Project, Case # 2021-00127

To Whom it may concern;

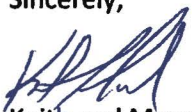

This letter is to request a local meeting to be held in Hardin County concerning case # 2021-00127. Because this first solar project has the potential to usher in multitudes of solar projects into the Cecilia area, we believe that the residents of Cecilia should be given the opportunity to participate in a local meeting/hearing. Due to our current pandemic, we would ask that you take every precaution to accommodate this meeting accordingly.

Cecilia is my hometown and we returned here 25 years ago to live on the family farm. We are concerned for the onslaught of solar companies that are attempting to move into our area. They seek to occupy and consume our prime farmland with long-term (25-30 years) contracts.

We attended the Planning and Development hearing and believe that the Conditional Use Permit was denied based on our County's Comprehensive Plan. It is our belief that this decision should come from local government.

We would like to see our County's Comprehensive Plan upheld and, strengthened with a thorough ordinance that will protect the future of Hardin County from a Solar Industrial Takeover.

Sincerely,

Keith and Megan Taul

3136 Hardinsburg Road
Cecilia, KY 42724
