Subject: Martin County Water rate increase

I think the rate increase for the Martin County water district is a good idea and needed. You...the PSC asked for Alliance to manage the district and they are doing a wonderful job. In your own words they are the experts and the experts say an increase is needed. This increase should have been granted when the last increase was implemented but the PSC ordered outside rate studies, did their own etc.....so they could give less than the increase that was asked for and needed. Had the PSC granted the increase in the first place people would have accepted it after the initial shock and wouldn't be upset again.

As a Martin County Water District customer I say yes to the rate increase. \$2.00 won't make the difference in people being able to pay their bills and not.
