Ref. Case# 2021-00154

To Whom it may Concern

I Am writing about our water here in Martin Co. I am a widow on a fixed income and can not afford to pay such high water Bills for water we can't drink and breaks me out when I shower in it and it has been going on and off there fore when it used it had to be boiled and also all the chemicals they're putting in it is eating my facutes and appliances up and I don't think Alliance is doing any better than the others did except for charging us a bigger Bill

Sincerely

Morothy Crumm
