Home phone:

Utility Name: Jackson Purchase Energy Corporation

State the nature of your concern: CASE: 2021-00358 What this company is doing is wrong beyond belief. They should NOT be allowed to raise rates as much as they are as fast as they are trying to. This is just going to lead to thousands of people without power because lord knows EVERYTHING has increased in price but jobs don't want to pay more! How are the people in this Community especially our elders who live on fixed incomes going to be able to budget in such a high increase in a rate change when they already live paycheck to paycheck from their fixed income anyways?!? This is so disappointing, I would expect this from Paducah Power Company as they have really hurt people in the past but not JPEC!! It's despicable!!!!

Have you contacted the utility about the problem: No

Utility Name: Jackson Purchase Electric

State the nature of your concern: I want to protest the proposed rate increase from Jackson Purchase Electric. At a time when many people are out of work because of vaccination mandates, or have lost their jobs due to business closures due to Covid, or are seniors living on a fixed income, like myself -- and they are already dealing with exploding cost of living increases -- they are already struggling to pay existing utility rates. And they/we are captive to the financial demands of utility companies -- there are no competitive alternatives. This is a time when utility companies should be tightening their collective belts to keep rates as low as possible. As a community, and a nation, we're in enough financial trouble as it is. Please don't add to the burden.
