ORDER

On June 3, 2021, the Commission entered an Order conditionally approving and accrediting the water district training program (Training Program) offered by the Kentucky/Tennessee Section of the American Water Works Association (KY/TN AWWA) scheduled to take place within 12 months of the entry of the June 3, 2021 Order to satisfy up to six hours of annual training described by KRS 74.020(6) and (7). The Training Program was held on July 21, 2021. On March 3, 2022, KY/TN AWWA submitted materials indicating, among other things, that the Training Program was conducted as scheduled without material change, identifying the water district commissioners who attended, and the number of hours they attended. Having reviewed the materials submitted by KY/TN AWWA and being otherwise sufficiently advised, the Commission finds that the Training Program should be granted final approval.

IT IS THEREFORE ORDERED that:

1. The Training Program is hereby approved and accredited for a maximum of six hours of water district management training for water district commissioners seeking to satisfy the annual training requirements set forth in KRS 74.020(6) and (7).

2. The Training Program may not be used by water district commissioners seeking any portion of the initial training requirement for water district commissioners required by KRS 74.020(8).

3. This matter is closed and removed from the Commission's docket.
